To Whom It May Concern:

Re: Energy East Pipeline Project

Please accept this letter to recognize support from the RM of Francis No. 127 in TransCanada Pipeline's application to the National Energy Board for the Energy East Project.

RM Council feels that the Energy East Project is of benefit as it would lower the use of ground transportation of crude oil on highways and rail, and is a safer means of delivering the product to Eastern Canada.

Sincerely,

Megan Macomber
Administrator
