To Whom It May Concern:

Trans Canada - Energy East Pipeline Project

The Council of the Town of Minnedosa fully supports the initiative of Trans Canada to pursue the development of the Energy East Pipeline Project.

The Town recognizes the minimal environmental risks and safety aspects of the pipeline as compared to rail or highway transportation of the product.

We also recognize the economic benefits to the urban and rural centres that are in close proximity to the project.

We believe that the benefits far outweigh any concerns that may arise and trust that the Project will be permitted to proceed.

Yours truly,

Ken G. Jenkins
Chief Administrative Officer
Town of Minnedosa

Committed to pursue and Excellent Community: the Foundation of Health
