Energy East Pipeline Project
450 – 1 Street SW
Calgary, Alberta T2P 5H1

To whom it may concern,

RE: Energy East pipeline Project

The County of Stettler No. 6 would like to express its support of the TransCanada Energy East Pipeline Project.

We recognize the positive economic impact this project will have on our province and for Canada. Not only will it create thousands of jobs and boost economic activity, nationally we will be able to provide Eastern Canada with a secure supply of oil.

We also support a pipeline supply of crude oil to the east coast as a safer and environmentally responsible method of transportation, by reducing ground transportation of heavy industrial traffic on our roads and highways.

As a municipality and a province that relies on oil and gas activity, we wholeheartedly support the development of TransCanada's Energy East Pipeline along with all the potential benefits it could bring to our community, our province and our country.

Sincerely,

Wayne Nixon
Reeve
