To Whom It May Concern:

Re: Support for the development of the TransCanada Energy East Pipeline

The Town of Balgonie would like to express its support for the TransCanada Energy East Pipeline. This project will have many positive outcomes to the economy of Saskatchewan and to municipalities, such as ours. This in turn, results in increased tax revenues for essential services, infrastructures and schools. An additional benefit is lowering the use of the ground transportation of crude oil on our highways and railines.

At the June 22, 2015 meeting of the Council of the Town of Balgonie, the following resolution was passed in support of the Energy East project:

285/2015 That the Council of the Town of Balgonie agree that a letter of support for the Energy East Pipeline Project be written; and that the municipality strongly agrees that this project should proceed and be completed.

CARRIED.

You are welcome to distribute copies of this letter as necessary in support of the Energy East Project.

On behalf of Council,

Valerie Hubbard
Administrator
